We are dedicated to delivering high-quality legal services to a diverse clientele, both within Kenya and internationally. We also remain committed to disseminating information to our clients so as to ensure that they possess the power to make informed decisions.*

### **REGISTRATION OF A NATURAL PERSON UNDER ARDHISASA PLATFORM**

As noted in our earlier article on ardhisasa (<https://www.wlp-advocates.com/articles.html>), Citizens and foreigners holding valid citizenship documents can register under the ardhisasa platform. For foreigners holding valid residency documents, the process involves raising a ticket so as to enable the Ministry to verify the documents before registration under the platform.

For Kenyan Citizens, the process is as below:

- a. Access the Ardhisasa website using the link herein: <https://ardhisasa.lands.go.ke/home>
- b. Click on the “Register” icon on the top right-side corner of your screen and select individual registration
- c. Select the identification type which in this case is your national ID.
- d. Provide your identity card number and click verify.
- e. Enter your phone number and click get OTP code. Input the OTP code sent to your phone on the provided space.
- f. Provide your email and click get OTP code. Check the code from your email and input it in the provided space.
- g. In the next stage, set your password. Click register and your Ardhisasa account will be created.
- h. Proceed to log into your account. Note that every time you log in, an OTP code will be sent to your registered mobile.
- i. To start using your Ardhisasa account, you must upload your profile photo. Upload a coloured passport-size photo with a white background. It must be an exact true representation of you.
- j. Provide three security questions.
- k. Add your digital signature.
- l. Upload your identification document.
